STOLEN SMOKED RUM

We developed the world's first smoked rum – a re-invention of rum as we know it. Many flavored rums are sweet and laden with vanilla. Stolen is smoky with hints of coffee.

Stolen Smoked comes from a world-class distillery in Trinidad & Tobago. We take column-distilled rum, aged in ex-whiskey barrels in the Caribbean, and infuse it with a unique blend of natural ingredients from around the world, including refractionated Arabica coffee beans from Colombia, Vanilla from Madagascar, and Fenugreek from Morocco. Our rum is then smoked using American Hardwood.
