

Twisted Path

DISTILLERY

Twisted Path Distillery was founded by distiller Brian Sammons, and it opened in the Bay View neighborhood of Milwaukee in December 2014. We are a small (one-man) distillery making certified organic spirits entirely from scratch. In building our distillery and developing our spirits, we evaluated every step with one goal in mind: make it taste great. This means never compromising quality for efficiency. We start with premium organic ingredients, and in small, careful, slow batches, we make spirits that showcase the quality of those ingredients.

Gin

Rum

Vodka

Dark Rum

100 Proof Vodka
